James H. Zurita:

In response to the Patent and Trademark Office (PTO) communication mailed 8-6-2008 identified as a  
Final Rejection, with this correspondence please

1. Petition to Revive (unintentional abandonment).
2. Request for Phone conference to confirm this is the proper legal terms to keep  
this patent application alive & to get the 3/21/2008 submission examined as that  
format of claims follows many other software patents that have been approved by  
the PTO. I can not find legal Patent counsel within my financial means as I am  
recovering from a frivolously law suit that force me to file personal bankruptcy  
case 07-5014-LMK. The last call I received from the Mr. Zurita only stated that I  
need to reply to the Final Rejection. Mr. Zurita give me an 800 number but that  
person indicated Mr. Zurita would have to answer as to what was allowed. I also  
feel the past rejections of claims from other patents are irrelevant as they all  
compare apples to oranges. No one else on the internet is doing marketplace in  
real time for product/services and none of the cited patents ARE NOT DOING  
THIS. I need to know ahead of time the subject area Mr. Zurita is willing to talk  
about example "the proper legal terms to keep this patent application alive" or  
"format of claims".
3. Request for Continued Examination application/Continuation-In-Part (CIP) of the  
submission dated 3/21/2008 "ADMENDMENT TO Claims 13-52 8  
sheets and to process "APPLICANT ARGUMENTS/REMARKS MADE IN
